It has been explained to me that program regulations do not necessarily require that I drop off the Section 8 Program in cases which involve substantial increases to my household income, or changes in household sizes. I have been advised to discuss any questions I might have with my Case Manager prior to completing and submitting this form. I understand that by signing this form this decision is irrevocable and that to receive Section 8 Housing Assistance in the future, I must reapply and be placed on the Housing Authority's waiting list. I understand that voluntarily ending participation does not void any repayment arrangements that I have with the Housing Authority and payments must still be made monthly. Debts must also be paid in full before eligible for housing assistance in the future.
